

QUALCOMM Incorporated
2018 Annual Meeting of Stockholders
Voting Results

On April 5, 2018, IVS delivered its final vote tabulation that certified the final voting results for each of the matters set forth below that were submitted to a vote at the Annual Meeting.

Present at the Annual Meeting, either in person or by proxy, were holders of 1,152,574,214 shares of the Company's common stock, constituting a quorum of the Company's outstanding shares. At the Annual Meeting, the Company's stockholders considered eight proposals, each of which is discussed briefly below and is described in more detail in the Company's definitive proxy statement dated January 9, 2018, as filed with the SEC on January 5, 2018.

The final tabulation from IVS of the voting results for the election of directors and other proposals submitted to a vote at the Annual Meeting is set forth below.

Following the closing of the polls at the Annual Meeting, the Company was informed by a set of affiliated funds holding Company shares that votes as received by the Company did not reflect the votes that those stockholders had submitted to their voting execution agent. These stockholders had submitted instructions to cast "withhold" votes with respect to the four longest-tenured directors of the Company, including Dr. Paul E. Jacobs (who was not standing for reelection). Instead, "withhold" votes were cast with respect to Dr. Jacobs, Jeffrey W. Henderson, Ann M. Livermore and Anthony J. Vinciguerra. Although corrected instructions were submitted, the stockholders' revised votes were not received by the Company until after the polls had closed and the Annual Meeting had concluded.

Based on the final results above, the Company estimates that, had the votes been accurately communicated, the votes for these three individuals would have been 735,302,336 "for" and 102,806,190 "withheld" for Mr. Henderson, 762,371,608 "for" and 75,736,918 "withheld" for Ms. Livermore and 793,032,731 "for" and 45,075,795 "withheld" for Mr. Vinciguerra.

The total number of broker non-votes with respect to Proposal 1 was 0. As previously disclosed, persons nominated by Broadcom Limited were disqualified from standing for election as directors. Accordingly, the foregoing voting results do not include votes cast for such persons.

The election of directors at the Annual Meeting was a contested election as defined in the Company's Bylaws. Accordingly, the voting standard for the election was a plurality rather than a majority standard, such that the ten nominees with the highest number of "FOR" votes were elected. As a result, each of the foregoing nominees was elected as a director at the Annual Meeting.
